AC Coil Cleaner: Technical Information Sheet

Product: EKO Power AC Coil Cleaner

Description:

Eko Power AC coil Cleaner is a safe, non-toxic, and non-corrosive AC coil cleaner formulated to remove tough grease, grime, and dirt from all types of AC units. Its biodegradable formula protects your AC's delicate metals while improving air quality and energy efficiency.

Key Features:

- **Safe for all AC units:** Split, window, portable, car - EcoCare tackles grime without harming aluminum, copper, or other soft metals.
- **Fast-acting formula:** Cuts through dirt and grease effortlessly, saving you time and labor.
- **Easy to use:** Simply spray, rinse, and enjoy! No harsh chemicals or complicated protocols.
- **Biodegradable and non-toxic:** Gentle on the environment and safe for skin contact.
- **Pleasant citrus scent:** Leaves a fresh and clean aroma after cleaning.
- **Concentrated formula:** One bottle goes a long way, offering exceptional value for money.
- **Improves AC performance:** Up to 30% increased cooling efficiency, leading to lower energy bills.
- **Enhances indoor air quality:** Reduces allergens, dust, and mold, creating a healthier breathing environment.
- **Extends AC lifespan:** Clean coils prevent wear and tear, promoting longer life and fewer repairs.

Technical Specifications:

pH: Neutral (7.0-7.5)

Flash Point: None

Active Ingredients: Non-ionic surfactants, water-soluble builders, and corrosion inhibitors (specific ingredients not disclosed for proprietary reasons)

Available Sizes:

500ml bottle, 600ml Aerosol, 5 Ltr Can

BREATHE EASY, BREATHE CLEAN

Ecocare Technologies Pvt Ltd, ecocare@ecocaretech.com, +91 9899786738

Application Instructions:

1. Turn off and unplug your AC unit.
2. Cover surrounding areas like furniture and plants with plastic sheets.
3. Wear gloves and safety glasses for protection.
4. Shake the bottle well before use.
5. Spray AC coil cleaner generously onto the dirty coils, reaching all surfaces.
6. Allow the cleaner to sit for 5-10 minutes to fully penetrate the grime.
7. Rinse the coils thoroughly with clean water using a hose or spray bottle.
8. Allow the coils to dry completely before turning your AC unit back on.

Safety Precautions:

- Keep out of reach of children and pets.
- Avoid contact with eyes. In case of contact, flush with clean water for 15 minutes and seek medical attention if necessary.
- Do not ingest. If swallowed, rinse mouth with water and seek medical attention immediately.

Storage:

- Store it in a cool, dry place away from direct sunlight. Do not freeze.

Disposal:

- Dispose of empty bottles according to local regulations.
- For more information or technical assistance, please visit our website or contact our customer support team.

This information sheet is intended for informational purposes only and does not constitute a substitute for professional advice. Always follow the manufacturer's instructions for safe and effective use of your AC unit.
